Aryan Kumar

Web Developer

aryankumar9852700502@gmail.com
7859042354
Varanasi, India

Date of birth
24 may 2005

Profile

Dynamic and motivated web developer with foundational experience in HTML, CSS, JavaScript, and React. Recently created an interactive, responsive online form with JavaScript logic to evaluate and analyze student performance. Passionate about leveraging my skills to design and develop efficient, user-friendly applications. Ready to tackle new challenges and eager to grow in a front-end developer role!

Education

Highschool, MODAL SCHOOL, Varanasi

05/2022–05/2023

BCA, HARIDWAR UNIVERSITY, Roorkee

09/2023–06/2026

Ambitious BCA student graduating in 2026, with strong programming skills and a proven track record in innovation, winning a hackathon at my university. Skilled in web development and passionate about building impactful projects that blend creativity and functionality. Always eager to apply my technical knowledge to solve real-world problems and collaborate with like-minded tech enthusiasts.

Extra-curricular activities

HACKATHON

Internships
